

Backend developer (Bangkok)

WN Talents

Job Overview

Job Type:	Full Time
Location:	Bangkok, Thailand
Address:	Тайланд, Бангкок
Website:	https://talentsingames.com/

Description

Industry: FinTech, payment solutions, e-commerce

Product type: B2B / SaaS / high-load financial platforms

Team setup: In-house, globally distributed (LATAM, Asia, Europe)

What you will be doing

Develop and maintain server-side web applications using PHP

Work with Laravel (or similar PHP frameworks)

Integrate with payment systems and external APIs

Participate in technical meetings and architecture discussions

Ensure code quality, performance, and adherence to development standards

Collaborate closely with product, engineering, and business teams

Collaboration with:

Product managers, backend & frontend engineers, business and compliance teams

What we are looking for

Must-have:

3+ years of experience with PHP and Laravel

Strong knowledge of REST APIs, integrations, and backend architecture

Experience with MySQL and/or PostgreSQL

Confident use of Git

Experience in SaaS, FinTech, payment systems, or e-commerce projects

English — Intermediate to Advanced (mandatory)

Nice to have:

Experience with payment providers / PSPs

Background in Computer Science or Software Engineering

What is offered

Work format: On-site

Location: Thailand, Bangkok

Contract type: Initial contract via an external partner

Further transition to a direct employment contract with the product company (taxes paid by employer)

Bonuses: Annual performance-based bonus

Growth: Work in a global FinTech product environment with international teams

Hiring Process

Introductory call with WN Talents recruiter

Local interview round

Global interview round with senior stakeholders

Final interview / offer
