## Description

---

**WN Talents** is seeking a **Game Designer** for a partner company with an impressive portfolio of world-class free-to-play projects.

This US-based mobile game publisher and developer has been at the forefront of the gaming industry since 2009. They have a dynamic multinational team that speaks 15 languages and lives in 63 cities across 17 countries. The company constantly pushes boundaries, believing that games can be more than just entertainment.

With established relationships with internationally renowned IPs, the company is dedicated to developing games that enhance mental well-being and deliver exceptional user experiences

### Responsibilities:

- Develop game features and improve **balance, game mechanics, and monetization**
- Support the implementation of the features, participate in regular team meetings, and communicate with designers and developers
- Test and verify the implemented game features
- Clearly formulate your ideas in the form of concepts and design documents
- Develop a/b tests to verify the hypotheses
- Permanently perform game analytics and analyze the results of the new mechanics
- Monitor competitor apps and search for potentially worthy features in games of different genres

### Requirements:

- Experience working on **board/card/casino games** that have been **released** on the App Store or Google Play
- Experience working with free-to-play monetization

- Knowing and understanding game metrics (DAU, ARPPU, Retention, etc.)
- Ability to work with analytical data
- Level of English – Intermediate+

**What company offer:**

- Opportunity to work for an US company with a diverse portfolio of global free-to-play (F2P) projects with a multi-million monthly user base
- Involvement in the entire product development cycle
- Career growth prospects within an international company
- Remote work opportunities
- Flexible working schedule
- Bonuses based on the achievement of KPIs and financial results of projects
- Paid conferences, training (including language courses), and workshops
- Opportunity to choose voluntary health insurance (VHI) programs and receive compensation for their associated costs
- Opportunity to have sessions with psychologists to improve your mental health and well-being
- Participation in charity projects
