Описание

Are you passionate about your work and want to pursue your dreams?

Join the ZiMAD team, and let's collaborate to create exceptional games together!

ZiMAD is a US mobile game publisher and developer that has been at the forefront of the gaming industry since 2009. We are a dynamic multinational team, speaking 15 languages and living in 63 cities across 17 countries. With an impressive portfolio of world-class free-to-play projects, including titles like Magic Jigsaw Puzzles, Puzzle Villa, Art of Puzzles, Dominoes, and many others, we constantly push boundaries and believe that games can be more than just entertainment.

We've forged partnerships with internationally renowned IPs (like Disney, Nickelodeon, LIFE, Sony Pictures etc.) and strive to develop games that sharpen mental well-being and deliver remarkable user experiences.

We are currently looking for an experienced **Game Designer** to reinforce our team.

Responsibilities:

- Develop game features and improve balance, game mechanics, and monetization
- Support the implementation of the features, participate in regular team meetings, and communicate with designers and developers
- Test and verify the implemented game features
- Clearly formulate your ideas in the form of concepts and design documents
- Develop a/b tests to verify the hypotheses
- Permanently perform game analytics and analyze the results of the new mechanics
- Monitor competitor apps and search for potentially worthy features in games of different genres

Requirements:

- Experience (2+ years) working on **hybrid casual puzzle games** that have been released on the App Store or Google Play

- Experience working with free-to-play monetization (IAA + IAP)
- Knowing and understanding game metrics (DAU, ARPDau, Retention, etc.)
- Ability to work with analytical data
- Intermediate+ level of English

We offer:

- Opportunity to work for ZiMAD, a US company with a diverse portfolio of global free-to-play (F2P) projects with a multi-million monthly user base
- Involvement in the entire product development cycle
- Career growth prospects within an international company
- Remote work opportunities
- Flexible working schedule
- Bonuses based on the achievement of KPIs and financial results of projects
- Paid conferences, training (including language courses), and workshops
- Opportunity to have sessions with psychologists to improve your mental health and well-being
- Participation in charity projects
