Описание

Plarium is an international company developing mobile, browser, and social games. Over a thousand employees of our studios create unique projects that challenge gamers from all over the globe. We are looking for an experienced **Lead of Localization Department**. You will be responsible for the localization of our projects and facilitating and improving communication within our studio as well as between our studio and the studios in other countries. You will also lead the team of skillful localization managers.

Join us and become the hero of game development!

Responsibilities:

- Lead the team of localization managers and control their work performance
- Monitor the localization market and study and adopt new text localization and process automation tools
- Contribute to the development of KPI and regulations for the Localization department
- Interact with other departments and studios to improve the workflow
- Maintain documentation and reporting

Requirements:

- Proficiency in English (Advanced level)
- Bachelor's or higher degree in Linguistics
- Experience in text localization
- Experience in team building and management
- Understanding the specifics of project localization, culturalization, and internationalization

- Work experience with localization tools (CAT, TMS, TM/TB management, automated testing tools)
- Knowledge of current project management methodologies and tools
- Love for games

We offer:

- Stable job at a large international company
- Participation in developing successful projects for an audience of millions
- A close-knit team of talented like-minded fellows
- An opportunity to make a career
- Conferences, trainings, and seminars to improve your professional skills
- English classes
- Voluntary health insurance
- Esports tournaments, board game nights, quests, team-building activities, Restaurant Days, and other corporate events
- Referral program
- Official employment in accordance with the local legislation
